

Containment Shield

Style #: Z5100(Decal)
Z7100(Decal)

ITEM #(S)	Z5100(Decal) – Torso Length, Z7100(Decal) – Full Length		
DESCRIPTION	Lightweight, shatter-resistant shields offer ideal protection from clubs and thrown objects such as bottles, bricks and rocks. The shock absorbing foam pad provides maximum protection for the user's forearm and hands. Shields feature our high-strength, injection-molded plastic handle, and a two handle configuration for use in crowd containment situations or to subdue belligerent inmates at correctional facilities.
